A CONVERSATION WITH NINA MENKES

I had the pleasure of chatting with the great Nina Menkes about her latest film; *Brainwashed: Sex-Camera-Power*. Listen as we talk about everything from the male gaze & Tarkovsky to influence and side-by-sides (she even suggests a side-by-side for me to make!)

This is the first part of a conversation that will continue on Zebras in America later this month.

Click here or the image above to go to the episode and don't forget to check out the links below for more information on *Brainwashed*.
