A CONVERSATION WITH NINA MENKES

I had the pleasure of chatting with the great Nina Menkes about her latest film; *Brainwashed: Sex-Camera-Power*. Listen as we talk about everything from the male gaze & Tarkovsky to influence and side-by-sides (she even suggests a side-by-side for me to make!)

This is the first part of a conversation that will continue on Zebras in America later this month.

Click [here](#) or the image above to go to the episode and don't forget to check out the links below for more information on *Brainwashed*.
